

Cookie Statement

Our website uses cookies to distinguish you from other users of our website. This helps us provide you with a good experience when you browse our website and also allows us to improve our site.

All websites which operate across certain parts of the European Union are required to obtain consent using or storing cookies (or similar technologies) on your computers or mobile device. This cookie policy provides you with clear and comprehensive information about the cookies we use and the purposes for using them. What is a cookie?

A cookie is a small file of letters and numbers that we store on your browser or the hard drive of your computer. Unless you have adjusted your browser setting so that it will refuse cookies, our system will issue cookies as soon as you visit our site.

Key concepts

First and third-party cookies: whether a cookie is 'first' or 'third' party refers to the domain placing the cookie. First-party cookies are those set by a website that is being visited by the user at the time (e.g. cookies placed by www.cape-iplaw.com).

Third-party cookies are cookies that are set by a domain other than that of the website being visited by the user. If a user visits a website and another entity sets a cookie through that website, this would be a third-party cookie.

Persistent cookies: these cookies remain on a user's device for the period of time specified in the cookie. They are activated each time that the user visits the website that created that particular cookie.

Session cookies: these cookies allow website operators to link the actions of a user during a browser session. A browser session starts when a user opens the browser window and finishes when they close the browser window. Session cookies are created temporarily. Once you close the browser, all session cookies are deleted.

How to delete and block our cookies

You block cookies by activating the setting on your browser that allows you to refuse the setting of all or some cookies. However, if you use your browser settings to block all cookies (including essential cookies), you may not be able to access all or parts of our site. Unless you

have adjusted your browser setting so that it will refuse cookies, our system will issue cookies as soon as you visit our site.
